

## **Behaviour Management Policy**

Coast Activity Programme uses effective behaviour management strategies to promote the welfare and enjoyment of children attending the Club. Working in partnership with parents, we aim to manage behaviour using clear, consistent and positive strategies, and with adults modelling positive behaviour. The Club rules are clearly discussed at every session and are repeated regularly.

Whilst at Coast Activity Programme we expect children to:

- Use socially acceptable behaviour
- Comply with the Club rules, which are compiled by the children attending the club
- Respect one another, accepting differences of race, gender, ability, age and religion
- Develop their independence by maintaining self-discipline
- Choose and participate in a variety of activities
- Ask for help if needed
- Enjoy their time at the Club.

### **Encouraging positive behaviour**

At Coast Activity Programme positive behaviour is encouraged by:

- Staff acting as positive role models
- Praising appropriate behaviour
- Positive behaviour rewarded in fun methods such as beanbag in the hoop, stickers, and recognition in group times.
- Informing parents about individual achievements
- Offering a variety of opportunities to meet the needs of children attending the Club.

It is inevitable that as children develop and learn, there are times when they need support and guidance to understand that their behaviour is not acceptable. Staff at the Club will try to determine the cause or triggers of the inappropriate behaviour to prevent the situation from recurring.

## Dealing with inappropriate behaviour

- Challenging behaviour will be addressed in a calm, firm and positive manner.
- In the first instance, the child will be temporarily removed from the activity to discuss behaviour and how they are feeling
- Staff will allow the child to talk about their actions.
- Staff will discuss why the behaviour displayed is deemed inappropriate.
- Staff will give the child an opportunity to explain their behaviour, to help prevent a recurrence.
- Staff will encourage and facilitate mediation between children to try to resolve conflicts through discussion and negotiation.
- If the inappropriate behaviour appears to be as a result of boredom, staff will consult with the child to find activities that more fully engage them if ratios allow this, or given the option to choose at another time during their time with us.
- Staff will consult with parents to formulate clear strategies for dealing with persistent inappropriate behaviour.
- No staff member will ever threaten any punishment that could adversely affect a child's well-being (eg withdrawal of food or drink).

If after consultation with parents and the implementation of behaviour management strategies, a child continues to display inappropriate behaviour, the Club may decide to move the child to another group or ask them to come back on another day.

## Physical intervention

Physical intervention will only be used as a last resort, when staff believe that action is necessary to prevent injury to the child or others, or to prevent significant damage to, equipment or property. Only trained members of staff may restrain a child. If a member of staff has to physically restrain a child, the manager will be notified, and an **Incident record** will be completed. The incident will be discussed with the parent or carer as soon as possible.

If staff are not confident about their ability to contain a situation, they should call the manager or, in extreme cases, the police.

All serious incidents will be recorded on an **Incident record** and kept in the child's file. This may be used to build a pattern of behaviour, which may indicate an underlying cause. If a pattern of incidents indicates possible abuse, we will implement child protection procedures in accordance with our **Safeguarding** policy.

## **Corporal punishment**

Corporal punishment or the threat of corporal punishment will *never* be used at the Club.

We will take all reasonable steps to ensure that no child who attends our Club receives corporal punishment from any person who cares for or is in regular contact with the child, or from any other person on our premises.
